NGO Governance Platform Project

BETTER BOARDS CONFERENCE 2019

(1-4 AUGUST 2019; BRISBANE, AUSTRALIA)

BASIC INFORMATION OF THE EVENT

Date and Location

1-4 August 2019; Brisbane, Australia

Organizer

Better Boards Australia

Theme of Event

Governance (R)Evolution: Strategies For Success

Objectives & Rationale

The not-for-profit landscape is in constant motion. The operating environment is continuously morphing, competitors rise and fall, markets and customers change, technologies emerge and become obsolete, laws and legislation are modified. To remain financially sustainable, organisations must be agile and develop successful growth strategies.

The Better Boards Conference 2019 will bring together practical ideas, knowledge and a range of tools and processes to assist not-for-profit boards and CEO's with their governance and leadership in this environment. The event will also explore the inherent tensions between evolution and revolution that a board and CEO must consider. Hong Kong delegates would be able to gain insights from the presentations and sharing with other participants.
